

12th January 2018

Dear Parents/Carers,

Exciting news! Mrs Julie Conway, our new Acting Head of Academy has now joined us and will be working in school every day. I will continue to support the school in their drive for school improvement.

The Year 6 children have been taught by Mr Chris Parkinson alongside Mr Riccardo Paffetti over the past two weeks. Mr Parkinson is a very experienced Year 6 teacher from another DELTA school in Leeds and he will now take over the full time teaching of our Year 6 class. Mr Parkinson is really looking forward to supporting the children through their SATs in May. Mr Paffetti is returning to Whetley Academy next week to support pupils in Bradford. He has really enjoyed his time at Park View and will continue to network with Park View to share best practice.

Miss Jo Stephenson, also from Whetley Academy, will continue to support the Year 6 children every Wednesday in her Director of Learning role, working alongside Mr Parkinson to raise standards. There will also be an additional support assistant deployed, Miss Nadia Ahmed, who will be in class daily. Mr Peter Bull will also continue in his role as full time support assistant in Year 6.

It is very important that the Year 6 children attend school every day and arrive promptly at 8.30am so they have the best possible chance to succeed in their SATs tests.

If you have any questions, please do not hesitate to contact me.

Yours sincerely,

Mrs Donna Brown
Associate Executive Principal
