

Parent / Teacher Consultations – Monday 12th March

We will be holding our parent consultation meetings on Monday 12th March, when you will be able to talk to your child's teacher about the progress they have made this academic year. **All classes will finish at 12pm.** There will be no school lunches or care provisions in place that afternoon and all children **must be collected** by an adult from the classroom doors at this time. **Nursery will be open as normal.** Appointment letters to follow shortly.

Parents and carers will also have an opportunity to taste samples of our menu during the afternoon too!

97.2%	98.6%	97.7%	97.3%

Park View's Attendance Policy clearly states we do not authorise any holidays in term time, this includes visiting relatives abroad, and a fining system is in place. Please read our policy in full on the website before considering booking holidays. If you choose to take your child out of school during term time it will have a very negative impact on their learning.

World Book Day – Thursday 1st March

Once again, we will be taking part in World Book Day. Staff and children are invited to come to school dressed as their favourite book character, superhero or villain. Look out for the photos on our website!! We will also be handing out World Book Day vouchers, which can be redeemed at any bookshop supporting the promotion.

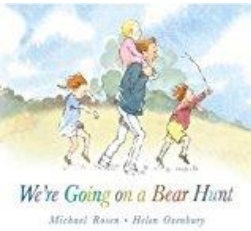

DIARY DATES

- 1st March – World Book Day
- 9th March – Class Photos for Rec & Yr6
- 12th March PM – Parent Consultations
- 19th March – NSPCC Assemblies
- 30th March – 13th April – Easter Holiday
- 2nd – 4th May – Year 5 Robinwood Visit

Please take a look at our website:
<http://www.pvpa.org.uk>

Nursery

Nursery are beginning this half term by reading the story 'We're going on a Bear Hunt'. The children might even be able to find the sneaky bears hiding in our classroom cave!

We will be finding out all about bears and reading other stories that include them including 'Goldilocks and the Three Bears' and 'Whatever Next!'

Year 3

In Year 3, we have been learning about division by sharing into equal groups and by using repeated subtraction. We have continued learning about the rainforest and have been reading 'The Jungle Book' to help us to describe the fearsome Bengal Tiger, Shere Khan. Additionally, we have just started reading our new class book, 'Charlotte's Web' and the children have made some imaginative predictions on what may happen within the story.

Year 4

This half term 4A will be writing to persuade our audiences to visit The Pench National Park, which will lead us to debating about deforestation and looking at points for and against. In maths we are securing our knowledge on division and using a formal method to do this.

Year 4H have had a fantastic start to the new term! We have particularly enjoyed our session with our new P.E. coaches, where we are learning lots of fantastic games and teamwork skills.

Both classes are very excited to have 'Harry Potter and the Philosopher's Stone' as the class reading book and we can't wait to find out what happens next!

Reception

Our topic this term is Superheroes! Reception Class have already begun designing masks and thinking of different super powers. We have inferred information from our text Superkid by Claire Freedman. We have talked about what special powers Superkid might have and how he might save the day! We will eventually change this character into our very own superhero. We will design a new costume, think of a new name and new characteristics. In Maths we will continue to use numbers within 20. We will separate numbers and link this to addition. Our challenge will be to solve addition word problems and add two numbers together.

Year 1

On Thursday 1st February we had a truly magnificent magician come to our school to perform a magic show.

He wowed us with his different performances. Year 1 loved the coin behind the ear trick and the balloon making the best. Here is David the magician with his dog called Dennis.

Year 5

So far, this term has been out of this world for Year 5!! We have had a great time researching planets and the solar system in preparation of our new topic 'Space'. We have been making some wonderful posters too!

Year 2

In Year 2 we have been learning about division. We have been sharing using objects and then solving problems in different ways. Some children have given fantastic explanations of how they have solved some tricky problems.

Year 6

This term the Year 6's will be studying the Ancient Greeks and using this topic to inspire our writing. We will be looking at the history and geography of Greece and the impact that the Ancient Greeks have had on the world around us today. In maths we will be continuing with our problem solving approach to our maths work and thinking carefully about how we can explain and justify the mathematical strategies we can use to solve problems.
